

# CCC (Cool, Confident and Courageous) Kids Camp

Registration for Summer 2017: August 21- 25, 2017, 9am-2pm

The CCC Kids Camp is a day camp experience designed to provide intensive behavioral treatment for children between the ages of four and nine who are diagnosed with selective mutism (SM) or severe social anxiety. Our goal is to support the building of the child's confidence and success in speaking with individuals outside the home directly prior to the child's return to school. This is an ideal time point for intervention.

The CCC Kids Camp is a structured experience in which children participate in a variety of engaging activities

including outdoor sports, arts and crafts, and music. We also simulate typical classroom activities such as circle time, morning meeting, and center work. These activities provide children with hands on practice in verbal participation in a safe, school-like environment. Children receive rewards for their brave behavior. The camp is led by two psychologists with extensive expertise in the treatment of SM. Children who are interested in participating must first meet 1:1 with one of our leaders to ensure they are a good fit for our program.
